To recommend that Mr. Charles W. Colson, former Special Counsel to the President, be reinterviewed in order to fully develop information he may possess concerning the funding of the special unit at the White House investigating the "Pentagon Papers". Teletype to Washington Field Office (WFO) attached.

In an affidavit dated May 4, 1973, Mr. Egil Krogh, Jr., stated among other things as follows:

"35. that to affiant's understanding and belief the funds for implementing the effort to acquire the information were provided to affiant through an unknown intermediary after a request by affiant to Mr. Charles Colson for the funds;

36. that to affiant's knowledge affiant did not inform Mr. Colson as to the reason for the request for funds;

37. that to affiant's understanding and belief the funds totalled \$2,000.00 which were to be used for expenses;"

After reviewing a teletype summary submitted by WFO - May 8, 1973, regarding results of interview of Charles W. Colson, 1973 former Special Counsel to the President, Mr. Ruckelshaus noted, "It does not appear that we dug very deeply into the allegations (35, 36, and 37) of the Krogh affidavit relating to payment of funds to Krogh by Colson. Where did this money come from? Is Colson in habit of turning over \$2,000 for no reason? Seems important to clear up if. Colson is claiming no involvement. Our only reference is on page six."

Memorandum to Mr. E. S. Miller Re: United States versus Anthony Joseph Russo; Daniel Ellsberg 65-74060

Attached is a copy of an interview form setting forth results of interview of Mr. Colson by Special Agents of WFO May 8, 1973. It is noted that regarding the obtaining of funds by members of the special unit at the White House (Mr. Krogh, David Young, E. Howard Hunt, and G. Gordon Liddy) Mr. Colson stated as follows:

"Concerning the memorandum from Colson to Jon Huntsman dated September 13, 1971, requesting in accordance with an earlier arrangement the reimbursement of Hunt for the following espenses: Air fares for two men from New York City to Washington, D. C. \$68.00; Dinner check, Miami - \$35.65; Hotel bill for three men, Los Angeles - \$155.90, Colson advised as follows:

Colson furnished a copy of this memorandum from his own office files to the Federal Bureau of Investigation in the summer of 1972 when he was asked about Hunt's travel. This was the first occasion on which he had seen the memorandum and he did not know to what the entries on the memorandum related or the identity of the three men referred to in the memo. Colson never saw any of Hunt's vouchers or claims for reimbursement. These were initialed and submitted by Colson's secretary.

Concerning a recent newspaper story according to which Egil Krogh reportedly said he requested funds from Colson for implementing the effort to acquire information about Ellsburg, Colson could not recall Krogh asking him for money for the trip to California. He has a vague recollection that at about that time Mr. Ehrlichman spoke to him about getting some funds, maybe for Krogh, but when he checked with Mr. Ehrlichman later, Ehrlichman could not recall the request."

Memorandum to Mr. E. S. Miller Re: United States versus Anthony Joseph Russo; Daniel Ellsberg 65-74060

A Special Agent of WFO who participated in the interview of Mr. Colson has pointed out that the interview with Mr. Colson was of no more than 45 minutes duration. Because of the conditions under which the interview was conducted, it was realized that the matter of Mr. Colson's control of funds in this matter and his knowledge of expenditures to the special unit were not developed to a desirable degree. Interviewing Agents would welcome the opportunity to reinterview Mr. Colson in this regard.

It would appear the reinterview of Mr. Colson is desirable to resolve the following:

- 1. The source of funds, the amount of funds, and administrative control set up over these funds utilized to finance the special unit at the White House as they affected the investigation of the "Pentagon Papers".
- 2. Specific responsibilities of Mr. Colson regarding the above funds and specifics regarding expenditures he approved or became aware of as pertaining to the investigation of the "Pentagon Papers". Of particular significance would be the full details concerning the obtaining of or the sources of the funds and accounting for funds relative to the trip to California by members of the special unit.
- 3. The specifics of any contacts made by Mr. Ehrlichman and/or Egil Krogh to Mr. Colson for funds for the special unit relative to the investigation of the "Pentagon Papers". Again particular emphasis should be placed on the travel to California by special unit members.

SUBJECT: DANIEL ELLSBERG

Reference my memorandum 6/1/73 concerning the request of Special Prosecutor Cox for certain information regarding the Ellsberg matter. Specifically, Cox has requested:

- (1) Detailed information concerning the break-in at the office of Ellsberg's psychiatrist, Dr. Lewis Fielding. In this connection we have instructed the Los Angeles Office to prepare a detailed report and Los Angeles will incorporate in the report pertinent information from other field offices including Miami and Washington Field. Supervisor of Los Angeles advised 6/5/73 that this report would probably be completed in about a week and we will furnish copies to Mr. Cox promptly upon receipt.
- (2) A detailed account of the handling by the Justice Department of information relating to the break-in at Fielding's office. In this connection, Mr. Cox has indicated that he wants us to develop all pertinent information regarding Justice Department's handling of this aspect of the Ellsberg case from the time it was first reported to Assistant Attorney General Petersen by U. S. Attorney Silbert on 4/16/73 until Judge Byrne, presiding at the Ellsberg trial, was notified on 4/27/73. Mr. Cox has indicated that he is especially interested in learning the basis for a delay in the Justice Department notifying Judge Byrne.

In connection with (2) it is believed we should advise the Department of Mr. Cox's request prior to having Washington Field Office initiate active inquiries with officials or other employees of the Department.

Mr. Archibald Cox Special Prosecutor U.S. Department of Justice

Dear Mr. Cox:

Washington, D.C.

Enclosed is a copy of a memorandum dated June 8, 1973, from Mr. Henry E. Petersen, Assistant Attorney General (AAG), Criminal Division, which concerns request for FBI investigation into the alleged support of the activities of G. Gordon Liddy and E. Howard Hunt by the Central Intelligence Agency (CIA), as well as the identification and interview of the person or persons in the Department of Justice who reportedly received films and a camera belonging to the CIA which may have been used in connection with the burglary of the office of Daniel Ellsberg's psychiatrist.

As a matter of background, an affidavit prepared by Egil Krogh, Jr., on May 4, 1973, was presented to the Department of Justice for submission to the U.S. District Court, Southern District of California, in connection with the alleged burglary of the office of Daniel Ellsberg's psychiatrist. In this affidavit, Krogh advised that photographs of Ellsberg's psychiatrist's office were taken during a preliminary "casing" of the area in preparation of the burglary. These films were brought to Washington, D.C., by Hunt and Liddy, and according to Krogh, the films and the camera which belonged to the CIA were transmitted to the Department of Justice.

Based on this information, a memorandum was sent to the AAG, Criminal Division, dated May 7, 1973,

It was also requested that the FBI be advised if investigation was desired relative to the identification and subsequent interview of the person or persons in the Department of Justice who allegedly received films and a camera belonging to the CIA used in connection with the alleged burglary. In the enclosed memorandum, the AAG has requested that the FBI institute investigation in both of these areas, and that the results be furnished to the Department.

In view of the AAG's request, investigation will be instituted, and the results of our inquiries will be furnished to you and the Department.

WFO states that these documents were received by or prepared at that office as a result of an examination of material maintained in the safe of Egil Krogh, an Under Secretary at the Department of Transportation until his resignation in May, 1973. The LHM enumerated various documents found in Krogh's files. Some of those documents were communications from the Bureau. These latter communications were prepared by the Bureau and submitted to The White House on such issues as threats against Government officials, copies of the Current Intelligence Analysis (CINAL), and memoranda prepared for dissemination by the Bureau on various demonstrations that were scheduled in Washington, D. C. In each of these instances, Krogh would have had access to the material as a result of his employment at The White House. The 5/30/73 communication transmits among the miscellaneous documents a copy of a teletype captioned "Kenfour" from Cleveland dated 5/12/70. WFO advises that the document in Krogh's safe was the original of the teletype sent by Cleveland. A review of our files on "Kenfour" shows that a copy of this particular teletype is located therein and has a notation "Director furnished original to President Nixon this a.m. Treat this copy as original. Per call from DeLoach's office 5/13/70." ACTION: EX- 104

A copy of the inventory of the Krogh material is being separately furnished Special Prosecutor Archibald Cox in compliance with a request received from him on 6/5/73.

It is noted that the material generally falls into one of the following three categories:

- 1. Personal
- 2. DOT
- 3. White House.

All of the White House material, including that which originated from the FBI or the Department of Justice, appears to be material which was routinely disseminated to the White House and thereafter routed to KROGH's office in the normal course of business.

It is therefore recommended that the Bureau, at the conclusion of the Department's review of the LHM, discuss with the Department the final disposition of this material.

The Bureau should specifically note that Mr. JOHN W. BARNUM, General Counsel for DOT, specifically requested that all DOT material be returned to DOT. In addition, Mr. WILLIAM TREADWELL, Attorney for KROGH, specifically requested that a file folder containing handwritten notes allegedly prepared by KROGH in the presence of President RICHARD NIXON concerning classification of Government documents, be returned to Mr. TREADWELL upon completion of the examination by the FBI.

ReLA airtel 10/22/71, no copies to Boston, listing 21 additional documents picked up at Rand, Santa Monica, by Department of Defense (DOD) officials in September, 1970.

Enclosed for the FBI Laboratory is one of the documents from the 21, described as follows:

Exhibit L.A. #17 TS-3286-RM-5617-ISA/ARPA--Part II "Negotiations and Vietnam: A Case Study of the 1954 Geneva Conference" (U) by M. GURTOV, 7/68.

The Office of the Secretary of Defense Investigating Team has advised portions of the enclosed document have been found in the Beacon Press version of the "Pentagon Papers." It is noted enclosed document contains a cover page and pages 85 through 273, with pages 92, 106, 128 and 240 not included, making a total of 191 pages. The cover of the document indicates it is copy 30 of 45 copies. Attached to the cover of the document is the "Top Secret Record of Access" from the Rand Corporation indicating the document was received by Rand on 7/31/68. The approved list of this access sheet shows that

M. GURTOV (the author), M. E. ARNSTEN and D. ELLSBERG were listed. The portion of the access sheet which shows persons handling the document were JAN L. BUTLER (8/2/68) (8/2/68) and D. ELLSBERG (4/7/69).

are all security people at Rand, santa Monica, who were apparently handling the document in connection with their security functions, so that, according to the access sheet, ELISBERG was the only one who charged out the document for his use. The document is classified "Top Secret, Group 1, Excluded from Automatic Downgrading and Declassification."

Request of the Bureau, Document Section, FBI Laboratory

It is requested the staples of the document be examined to see if they have been removed and if so, how many times. It is requested that the document section conduct any other pertinent examination to indicate whether or not the document has been reproduced by any means either in part or in its entirety.

Request of the Latent Fingerprint Section, Identification Division

It is requested that the enclosed document and the attached access sheet be processed for latent fingerprints and comparison be made with any fingerprint on file for those listed on the access sheet as having handled the document and RUSSO, THAI, SINAY, ROBERT ELISBERG and ROSENBERG.

Remarks:

It is to be noted that included in the unidentified questioned material in this matter are questioned "Neil Sheehan" signatures. It will be necessary to have comparable signatures prepared by CORNELIUS MAHONEY SHEEHAN in order to conduct an adequate handwriting examination.

For investigative assistance, the available known writing of CORNELIUS MAHONEY SHEEHAN does not contain the word "Neil." In addition, the questioned "Sheehan" name is initiated with a handwritten capital "S" as opposed to the available known writing of this individual in which the name "Shoehan" is initiated with a hand printed style of capital "S".

It is requested that the enclosed documents be examined by the FBI Laboratory, Latent Fingerprint Section, for any fingerprints pertaining to NEIL SHEEHAN or SUSAN SHEEHAN and that they be examined for handwriting analysis to determine it any of the enclosed documents were written by NEIL SHEEHAN or SUSAN SHEEHAN. It is to be noted that only the first lines on the Treadway Inn guest register, containing handprinting, were possibly filled out by NEIL SHEEHAN.

It is requested that expeditious examination be afforded these documents so that they may be immediately returned to Attorney VINCENT for inclusion in the Grand Jury exhibits.

For the information of New York, Department Attorney VINCENT advised that KITTY MARGULIES, known to have purchased the travelers' checks, is not to be interviewed without prior authority.

Wannall 1 - Mr. J. R. Wagoner SUBJECT: MC LEK (NATIONALITIES INTELLIGENCE) To refer to Bureau Laboratory material received in instant matter for purpose of handwriting comparison. 710719097 Attached herewith is a risque picture postcard sent to the Director from Germany, postmarked 7/9/71, purportedly signed by "Dan Ellsberg" possibly identifiable with our principal suspect in this matter and charged with illegal possession of confidential documents. Also enclosed is airtel from WFO dated 7/16/71 with its enclosures, the latter consisting of samples of Ellsberg's signature, hand print and handwriting. As noted in the enclosed WFO airtel, possibility exists the hand printing and handwriting on applications attached herewith could possibly be that of persons other than Ellsberg. It is noted that the postmark of the enclosed postcard, 7/9/71, embraces a time span when it is known Ellsberg was in the United States and during which time he was not in possession of a passport. While the enclosed postcard could be the product of a "crank" or for a hoax, it is not impossible that Ellsberg actually sent the card to friends abroad for transmittal to the Director as a means of embarrassment or ridicule. Bureau Laboratory is requested to compare signatures and handwriting on the enclosed postcard with the known hand print, handwriting and signatures of Ellsberg appearing in the enclosures herewith. Handwriting samples of Ellsberg as furnished herewith may be maintained in the Bureau Laboratory for appropriate document examination in connection with other facets of this matter in the future. ACTION: If approved, Bureau Laboratory should conduct appropriate comparison examinations of handwriting on attached postcard against samples of Ellsberg's signature and appropriately furnish results to Domestic Intelligence Division. It would be preferable to have some known handwriting samples prepared by CORNELIUS SHEEHAN which were prepared in 1971.

The poor line quality of the Qcl photocopy precluded an opinion as to whether the countersignature and signature on this itemwere prepared by one writer. However, similarities were noted which indicate that the countersignature and signature on this itemwere prepared by one writer.

Remarks:

For information, significant similarities were noted in the signature and countersignature on specimen Qc2 and the fingerprint card signature of EUSAN M. SHEEMAN. It is believed that ENKEMAN can be identified as the writer of the countersignature and signature on Qc2 if the original document in submitted for examination.

Re: MC LEK

No.

Specimens received available in Bureau

- Ocl Photocopy of "Citibank" Traveler's Check #410-844-005, in the amount of \$50.00, signed and countersigned "Neil Theelan"
- Qc2 Photocopy of "Citibank" Traveler's Check #410-844-006, in the amount of \$30.00, signed and countersigned "Sugar thechen"

Result of examination:

Freciscus Col and Co2 were searched in the National Franculent Check File without effecting an identification. Copies will be added thereto.

Decause of the poor line quality of the submitted photocopies, tegether with the lack of sufficient comparable known handwriting, it could not be determined whether specimens (cl and Cc2 were or were not prepared by SUSAN M. SHEEMAN, FRIE757113H, based upon a comparison with a fingerprint card signature.

The submitted material is retained.

During 3 and 4/71 information was provided Boston Office to the effect that Neil and Susan Sheehan came to the Victor Publishers, Bedford, Hassachusetts, during 3/71 for purpose of having copies of several thousand documents reproduced. Part of bill was paid for by two \$50 First National City Bank money orders. Susan Sheehan, wife of Cornelius Sheehan, also known as Neil Sheehan, correspondent for "The New York Times" has been identified by two employees of Victor Publishers as being the female who participated in the reproduction of documents. Nell Sheehan has been identified by one of the same employees. Identifications were made from photographs obtained from files of U.S. Passport Office. Either Susan Sheehan doesn't know how to spell her name or possibility exists some other female is using her identity.

McLek is code name assigned to our investigation regarding leak of "McNamara Study" to "The New York Times."

Attached is airtel to WFO requesting investigation to locate known handwriting specimans of Cornelius Mahoney Sheehan, reporter of "The New York Times," who is suspected of being involved in reproduction of classified material given "The New York Times." Also attached is copy of fingerprint card of Susan M. Sheehan, believed to be identical with Cornelius Sheehan's wife. Attached fingerprint card is to be forwarded to the FBI Laboratory for handwriting comparison together with the attached copies of First National City Bank money orders executed by the Sheehans.

During 6/71 "The New York Times" published articles regarding United States - Vietnam relations for period 1945 - 1967. The information in these articles reportedly came from the "McNamara Study" which is classified Top Secret. Daniel EHsberg, former Rand Corporation employee who worked on the "McNamara Study," has been identified as a prime suspect in the furnishing of this classified data to "The New York Times."

During March and April, 1971, information was provided our Boston Office to the effect that one Neil Sheehan and Susan Sheehan came to the Victor Publishers, Bedford, Massachusetts, on 3/21/71 and 3/23/71 for the purpose of having copies of several thousand documents reproduced. The bill for the copying job was \$502 and was paid with two \$50 First National City Bank money orders and the balance in cash.

VERMONT LIFE Calendar for 1971

Dear Friend:

Again we invite you to a fresh Vermont year, 1971, with a special selection of handsome color views, taken from the finest to appear in *Vermont Life* Magazine, which reflect the changing Green Mountain countryside through the seasons.

This year for the first time the selected scenes appear with a white border, to allow a hanging punch hole to be employed yet not mar the illustrations. Picture locations also now appear directly on each print.

The Wall Calendar's monthly sheets provide areas to note engagements. Each holiday, special Vermont dates and astronomical data is also shown for appropriate days. Notable quotations about Vermont and Vermonters are carried for each month. The Calendar may be hung or used flat, and afterward the calendar sheets may be removed to provide a bound book of Vermont color views. The supplied mailing carton may be opened, re-closed and re-addressed.

The new 1971 Calendar has been printed for Vermont Life Magazine by The George Little Press, Burlington, Vt. on Springhill Index and Mead's Printslex, for the color. Color separations were done by The Lanman Company and Rapid Grip and Batten Ltd.

The smaller Vermont Life Engagement Book for 1971, also produced by the Magazine, is arranged with a calendar week and note area per page facing an outstanding Vermont black and white illustration. Handsome color scenes appear at front and back.

Both calendars, available at selected book and gift shops and from Vermont Life Magazine, provide useful and pleasant daily reminders of the Green Mountain State.

SUBJECT:

DANIEL ELLSBERG, ET AL.

In connection with current matter before the Mrs. Neems court hearing, the Ellsberg case in Los Angeles, and at the direction of the Department, WFO Agents prepared a supplemental inventory of material obtained from the office of E. Howard Hunt, formerly of the White House. This material was originally furnished the FBI in connection with the Watergate case. The matter before the Los Angeles court concerns the alleged burglary of the office of Ellsberg's psychiatrist by Hunt and G. Gordon Liddy. The material obtained from Hunt's office was requested by the judge hearing the Ellsberg case for the purpose of determining if any information is contained therein indicating evidence used by the Government was tainted.

Among the material found in Hunt's office were a number of copies of FBI communications prepared during our investigation of Ellsberg. Specifically, they included the following:

1. Copies of five interview report forms (FD-302s) reporting results of interview with by our Los Angeles Office by our Los Angeles Office In June and July, 1971. These interviews were conducted on June 21, 22, and 23 and July 10 and 14. The first three were included in Los Angeles report of 7/2/71 and the last two in Los Angeles report of 7/19/71. Our files show that dissemination of the 7/2/71 report was limited to Internal Security Division of the Department whereas the 7/19/71 report was disseminated to the Internal Security Division and the Defense Department.

2. Copies of five interview report for (5D 302c) setting out results of interviews with by Los Angeles Office in July, 1971. These interviews, which took place on July 14, 16, 19, 21 and 23, 1971, were included in Los Angeles report 7/29/71. Copies were disseminated only to Internal Security Division and Defense Department.

Memorandum to Mr. E. S. Miller Re: Daniel Ellsberg, et al.

3. Copy of synopsis page of Los Angeles report of 7/29/71. As indicated above, dissemination of this report was limited to Internal Security Division and Defense Department. It is significant to note that copy of this item found in Hunt's office contained handwritten notations indicating that distribution of this document had been made to the following

employees of the Internal Security Division of the Justice Department as of August, 1971, at the time Division.

- 4. Copy of interview report form (FD-302) reporting interview with on 7/28/71 which was included in Los Angeles report of 8/11/71. Copies of this report were sent to Internal Security Division and Defense Department.
- 5. Copy of interview report form setting out interview of Dr. Lewis J. Fielding on 7/20/71 as included in Los Angeles report of 7/29/71. Dissemination of this report was limited to Internal Security Division and Defense Department.
- 6. Copy of Los Angeles report of 8/11/71 setting out various addresses including that of Yvonne Svenlo.
- 7. Copy of three-page Los Angeles summary teletype of 9/2/71 reporting developments in the Ellsberg investigation. Copy of this teletype was disseminated to the Internal Security Division with the administrative data deleted.

From the foregoing, it is obvious that the source of these FBI documents which were in Hunt's possession was someone in the Internal Security Division of the Department. As indicated, each of the documents was disseminated to the Internal Security Division. Moreover, the notation of Internal Security Division officials' names at the bottom of the 7/29/71 report demonstrates convincingly that this was the case.

Memorandum to Mr. E. S. Miller Re: Daniel Ellsberg, et al.

At the specific request of the White House, we did furnish summary memoranda outlining the highlights of our investigation of Ellsberg on a weekly basis to Assistant to the President Haldeman. This was done from July, 1971, to February, 1972. However, at no time did we provide anyone in the White House with actual copies of our investigative reports, teletypes, or interview report forms.

Mr. R. D. Cotter's memorandum 5/4/73, captioned Mr. Eardley Mrs. Hogan as above (attached), analyzed material found in Hunt's office following his arrest 6/17/72 and noted that among the material were a number of copies of FBI communications prepared during our investigation of Ellsberg. From the analysis, it was concluded that the source of these documents which were in Hunt's possession was someone in the Internal Security Division of the Department. It was noted that we had given weekly summary communications to the White House from July, 1971, to February, 1972, but had not provided to anyone in the White House actual copies of our investigative reports, teletypes, or interview report forms.

In our continuing review of this matter, we have learned that on 8/3/71 we did furnish to Mr. Egil Krogh, Jr., then Deputy Assistant to the President for Domestic Affairs, copies of interview report forms. These are forms bearing the form number FD-302 and are captioned with the name of the Federal Bureau of Investigation. The circumstances surrounding our furnishing these FD-302s to Mr. Krogh were as follows:

On 7/29/71 the President sent a letter to former Director Hoover saying that the President had directed Mr. Krogh to examine in depth the circumstances of the many disclosures of Top Secret and other sensitive material to the public. To assist Mr. Krogh in this project, the President asked Mr. Hoover to forward to Mr. Krogh as soon as possible (1) all information acquired to date, including individual reports of interviews, with respect to those persons named on the attachment to the President's letter and -(2) a comprehensive background paper on Daniel Ellsberg. The attachment to the President's letter listed 17 names, including Ellsberg's. Among the 17 also were the names of Dr. Leslie H. Gelb, Dr. Melvin Gurtov, Dr. Richard Moorsteen, Mr. Henry S. Rowen, and Mr. Paul C. Warnke.

IENCLOSURE! As of the date of the President's letter, we had interviewed all five of these individuals and had set forth the results of interviews with them in 14 separate FD-302s. Accordingly, a copy of each of these 802s was transmitted Enc.

ROUTE IN ENVELOPE

Memorandum for Mr. Felt RE: DANIEL ELLSBERG, et al.

to Mr. Krogh, in compliance with the President's instructions, together with a 20-page memorandum on Daniel Ellsberg and memoranda with respect to the other individuals on whom we had information in our files or which was readily obtainable through checks of other agency files. None of these 302s were found among the Hunt material.

By way of background, in approximately May, 1967, then Secretary of Defense Robert McNamara decided that a Department of Defense study should be made of the history of U.S. involvement in Vietnam. This study, after its completion, has been known variously as the McNamara papers, the Pentagon Papers, and the Ellsberg Papers. On approximately 6/1/67, Dr. Leslie H. Gelb, who was then Acting Deputy Assistant Secretary of Defense for Policy Planning and Arms Control, was selected to serve as Director of a Task Force to handle this study. Among individuals who worked on this Task Force were Dr. Melvin Gurtov and Richard Harris Moorsteen of Rand Corporation, Santa Monica, California, the President of which was Henry S. Rowen, and Daniel Ellsberg. Mr. Paul Culliton Warnke, while Assistant Secretary of Defense for International Security Affairs, was connected with the Task Force only to the extent of securing help required by Dr. Gelb.

Our first dissemination of information on the Ellsberg case to the White House was by letter dated 7/6/71 to Mr. H. R. Haldeman, former Presidential Advisor. Weekly summaries thereafter were furnished to Mr. Haldeman (with copies to the Attorney General, Deputy Attorney General, and Assistant Attorney General, Internal Security Division) until 2/16/72.

Following the receipt of the President's letter of 7/29/71 in which the President stated "Please keep Mr. Krogh up to date on the results of your continuing investigation into this matter," we began sending a copy of this weekly summary to Mr. Krogh on 8/9/71 and he received them until they were discontinued in February, 1972. These weekly summaries contained information relating to pertinent developments in our investigation of Ellsberg, including summaries of interviews conducted. They did not transmit any additional FD-302s, FBI investigative reports, or similar official FBI documents.
